Welcome to the world of Handmade Indian Marble Obelisks, where art meets history and craftsmanship transforms stone into elegance. Each obelisk is not just a decorative piece, but a symbol of power, heritage, and eternal beauty—handcrafted by India's finest artisans.

With white Makrana marble and Rajasthan's premium stones, these masterpieces bring an aura of sophistication to any interior, making them an ideal décor choice for collectors, designers, and art lovers.

THE LEGACY OF INDIAN MARBLE

Indian marble has long been a hallmark of magnificence. The world-famous Taj Mahal, carved from Makrana marble, is testimony to India's artistry. Our artisans, carrying forward this centuries-old tradition, carve miniature obelisks with precision and devotion. Inspired by the mighty Egyptian obelisks, these handcrafted versions are infused with an Indian touch of detail and fineness, making them stand out globally.
